Good Evening:

Due to the delay in processing the ERRS Task Order, the training obligations that practically all of our team is participating this week, the amount of work/planning that would need to be accomplished.....We are going to push off mobilization until May 31st. In a perfect world, we would slide the three weeks accordingly (May 31-June 17). I will talk to Guardian, Weston and ERT to see if that third week is viable.

We will revisit our priorities and what we can accomplish next week to properly mobilize the week after. I will most likely travel on May 30th. I will speak with Kevin to if he can be at Niagara on May 31st in the afternoon. If you are available Pete, we may be able to plan for the Radon walk through the 31st. Obviously, I need to check with the property owner. The rest of the team could travel the 31st. Just throwing it out there.

Please let me know if there are any issues with this change.

Regards,

Eric
